Sir,

**Sub:** Submission of EC Six Monthly Compliance report of M/s. E.I.D. - Parry (India) Limited, Sankili, Regidi Amadalavalasa, Srikakulam District, Andhra Pradesh -Reg.

**Ref:** Environmental Clearance No. J-11011/270/2007-IA II (I), Dt: 17.08.2007.

Company Name Change Certificate No. Cr.No.B1/426/2013/DDB/Ex. Dated: 22.04.2013.

We wish to inform you that the Government of India, Ministry of Environment and Forests, vide its F.No. J-11011/270/2007-IA II (I) dated: 17.08.2007, has accorded Environmental Clearance for M/s. E.I.D. - Parry (India) Limited, Sankili, Regidi Amadalavalasa, Srikakulam District, Andhra Pradesh.

As per the general conditions No (xvii) of issued Environmental Clearance, the Project Proponent has to submit a six monthly compliance report to Ministry's Regional Office, Chennai. We are now submitting six monthly compliance report for the period of 01<sup>st</sup> April 2019 to 30<sup>th</sup> September 2019 (as on December 2019) for the said project for your kind perusal.

Thanking you

Yours faithfully

For M/s. E.I.D. - Parry (India) Limited,

  
Authorized Signatory

<b>PART - A: SPECIFIC CONDITIONS</b>		
<b>S.No</b>	<b>Conditions</b>	<b>Compliance</b>
1	The total effluent generation after expansion shall not exceed 455 m <sup>3</sup> /day. Treated effluent shall be utilized for green belt development with due compliance of the APPCB standards for irrigation.	We are not exceeding the effluent generation as directed by the board and maintaining within the stipulated limits. Treated effluents is being utilized for green belt development within the premises after analysis of effluent through recognized MoEF & CC and NABL accredited laboratory as per CPCB Norms.
2	No ground water withdrawal shall be allowed. In future if ground water shall be required, the permission from CGWA/SGWB shall be obtained.	The source of water is being obtained from Nagavali river.
3	The project authorities would adhere to the provision stipulated in the fly ash notification of September, 1999 and as amended in August, 2003 in regard to fly ash utilization.	We will obey.
4	The company shall develop the green belt in 112.72 acres to mitigate the effects of fugitive emissions, odour nuisance and noise and general improvement of the environment all around the plant. The development of green belt shall be as per the Central Pollution Control Board guidelines. Land use of green belt area shall not be changed.	We have already developed green belt as per the board guidelines for controlling fugitive emissions, odour nuisance. Further we are developing thick green belt as per CPCB guidelines.
5	The company shall take adequate steps to avoid odour nuisance from disposal of filter cake and	We are taking necessary safety measures to avoid odour nuisance to the surrounding

	ETP sludge. The transportation of these shall be in covered means.	environment.
6	Adequate numbers of ground water quality monitoring stations shall be set up around the green belt area. These monitoring stations will be provided with piezometers. The company shall monitor six monthly, the soil and ground water quality in the plant and green belt area to ensure that there shall not be ground water pollution and reports submitted to Ministry's Regional Office / SPCB / CPCB.	Presently, the third party agency is being carried out ground water quality monitoring which is recognized by MoEF & OC and NAL accredited laboratory as per CPCB Norms and monitoring data will be submitted along with six monthly compliance reports.
7	The company shall develop covered storage areas for lime, sulphur and Phosphoric acid to avoid mixing of the same with the rain water.	Noted.

**B. GENERAL CONDITIONS:**

1	The project authorities shall strictly adhere to the stipulations of the SPCB/state government or any statutory body.	We will obey the Rules & Regulations as stipulated by the board.
2	The project authorities shall comply with the CREP guidelines issued by Central Pollution Control Board in letter and words.	We will comply with the Corporate Responsibility for Environmental Protection (CREP) guidelines issued by Central Pollution Control Board.
3	No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment and Forests. In case of deviations or alterations in the project proposal from those submitted to this Ministry for clearance, a fresh reference shall be made to the Ministry to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.	Change in the scope of the project already intimated and necessary approvals obtained change of Company name from M/s. Parry Sugars Industries Limited (Formerly GMR Industries Limited) to M/s. E.L.D. Parry (India) Ltd. From Office of The Commissioner & Excise A.P. Hyderabad. Cr.No. B1/426/2013/DDE/Ex. Dated. 22.04.2013.

4	At no time, the emissions shall exceed the prescribed limits. In the event of failure of any pollution control system adopted by the unit, the unit shall be immediately put out of operation and shall not be restarted until the desired efficiency has been achieved.	We will follow as directed.																									
5	The gaseous emissions (SO <sub>2</sub> , NO <sub>x</sub> ) and particulate matter along with RSPM levels from various process units shall conform to the standards prescribed by the concerned authorities from time to time.	We are carrying out monitoring for the parameters mentioned in this order by authorized third party agency which is recognized by MoEF & CC and NABL accredited laboratory as per CPCB Norms and parameters are well within the standards limits.																									
6	The locations of ambient air quality monitoring stations shall be reviewed in consultation with the State Pollution Control Board (SPCB) and additional stations shall be installed, if required in the downwind directions as well as where maximum ground level concentrations are anticipated.	<p>Ambient Air Quality monitoring is being carried out by MoEF&amp;CC and NABL accredited laboratory as per CPCB Norms and all the parameters are well within the standard limits.</p> <p>The values of ambient air quality monitoring and noise levels are well below the standards which are tabulated below:</p> <table border="1" data-bbox="906 1391 1497 1872"> <thead> <tr> <th>Location</th> <th>PM<sub>10</sub></th> <th>PM<sub>2.5</sub></th> <th>SO<sub>2</sub></th> <th>NO<sub>x</sub></th> </tr> </thead> <tbody> <tr> <td>Standards</td> <td>100</td> <td>60</td> <td>80</td> <td>80</td> </tr> <tr> <td>Near Time Office</td> <td>60.4</td> <td>27.3</td> <td>14.7</td> <td>12.3</td> </tr> <tr> <td>Near Weigh Bridge</td> <td>69.2</td> <td>32.7</td> <td>13.4</td> <td>14.9</td> </tr> <tr> <td>Near ETP Lagoon</td> <td>54.7</td> <td>20.9</td> <td>14.5</td> <td>13.3</td> </tr> </tbody> </table> <p>Noise levels are within the standard limits.</p>	Location	PM <sub>10</sub>	PM <sub>2.5</sub>	SO <sub>2</sub>	NO <sub>x</sub>	Standards	100	60	80	80	Near Time Office	60.4	27.3	14.7	12.3	Near Weigh Bridge	69.2	32.7	13.4	14.9	Near ETP Lagoon	54.7	20.9	14.5	13.3

7	Dedicated ESP/Scrubbers and stacks of appropriate height as per the Central Pollution	We are following as per the Central Pollution Control Board guidelines.																									

	Control Board guidelines shall be provided to control the emissions from various sources.	
8	<p>The company shall undertake following Waste Minimization measures.</p> <ul style="list-style-type: none"> <li>➤ Metering and control of quantities of raw materials to minimize waste.</li> <li>➤ Use of automated material handling to minimize spillage.</li> <li>➤ Use of "Close Feed" system into batch reactors.</li> <li>➤ Use of high pressure hose for equipment cleaning to reduce waste water generation.</li> </ul>	We are following the waste minimization measures as directed by the board.
9	The project authorities shall strictly comply with the rules and guidelines under Manufacture, Storage and Import of Hazardous Chemicals Rules, 1989 as amended in October, 1994 and January, 2000 and Hazardous Waste (Management and Handling) Rules, 1989 as amended from time to time. Authorization from the SPCB shall be obtained for collection, treatment, storage, and disposal of hazardous wastes.	We are complying with the rules and guidelines as per Hazardous Waste (Management and Handling) Rules, 1989 and the only hazardous waste generation in the factory is used oil, and this used/waste oil is being sent to authorize recyclers.
10	The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. On all sources of noise generation. The ambient noise levels shall conform to the standards prescribed under Environment (Protection) Act, 1986 Rules, 1989 viz. 75 dB (A) (day time) and 70 dB (A) (night time).	Noise level monitoring is being carried out by MoEF & CC and NABL accredited laboratory as per CPCB Norms and all the parameters are well within the standard limits.

11	The company shall develop rain water harvesting structures to harvest the runoff water for recharge of ground water.	We will develop rain water harvesting structures for ground water recharge.
12	Occupational health surveillance of the workers shall be carried out on a regular basis and records shall be maintained as per the Factories Act.	We will conduct occupational health surveillance programmes to the workers and records will be maintained as per the Factories Act.
13	The company shall undertake eco-development measures including community welfare measures in the project area for the overall improvement of the environment. The eco-development plan should be submitted to the SPCB within three months of this letter for approval.	We are implementing eco-development measures including community welfare measures in the project area for the overall improvement of the environment and eco-development plan will be submitted to the SPCB for approval.
14	The project proponent shall also comply with all the environmental protection measures and safeguards proposed in the EIA/EMP Project.	We are complying with all the environmental protection measures and safeguards as mentioned in the Environmental Management Plan.
15	A separate environmental Management Cell equipped with full fledged laboratory facilities shall be set up to carry out the Environmental Management and Monitoring functions.	We will implement separate environmental management cell with full fledged laboratory will be set up to carry out the Environmental Management and Monitoring system.
16	The project authorities shall earmark adequate funds to implement the conditions stipulated by the Ministry of Environment and Forests as well as the State Government along with the implementation schedule for all the conditions stipulated herein. The funds so provided shall not be diverted for any other purpose.	We will follow as per your directions.
17	The implementation of the project vis-a-vis environmental action plans shall be monitored	We are now submitting six monthly compliance reports on the status of the

	by the concerned Regional Office of the Ministry/SPCB/CPCB. A six monthly compliance status report shall be submitted to monitoring agencies and shall be posted on the website of the company.	compliance of the stipulated environmental clearance conditions including ambient air quality and noise level monitoring data to the MoEF, Regional Office, Chennai through mail ( <a href="mailto:eocompliance-ap@gov.in">eocompliance-ap@gov.in</a> ) for the period of 01 <sup>st</sup> April 2019 to 30 <sup>th</sup> September 2019 (as on December 2019).
18	The project proponent shall inform the public that the project has been accorded environmental clearance by the Ministry and copies of the clearance letter are available with the SPCB/Committee and may also be seen at Website of the Ministry at <a href="http://envfor.nic.in">http://envfor.nic.in</a> . This shall be advertised within seven days from the date of issue of the clearance letter, at least in two local newspapers that are widely circulated in the region of which one shall be in the vernacular language of the locality concerned and a copy of the same shall be forwarded to the concerned Regional Office of the Ministry.	We have already advertised in two local news papers.
19	The project authorities shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities and the date of start of the project.	Noted & Agreed.
8	The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.	Noted.
9	The ministry reserves the right to stipulate additional conditions, if found necessary. The company in a time bound manner will	We will follow the rules & regulations stipulated by the board.

	implement these conditions.	
10	The above conditions will be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 Hazardous Wastes (Management and Handling) Rules, 2003 and the Public Liability Insurance Act, 1991 along with their amendments and rules.	We are following the directions of the board.

 Sankili, Regidi Amudalavalasa,  
 Srikakulam  
 A.P.

**Subject:** Expansion of Sugar Plant (2500 TCD to 5000 TCD) at Sankili, Regidi Amudalavalasa, Srikakulam, A.P. by M/s GMR Industries Ltd— Environmental Clearance req.

Sir,

This has reference to your letter no. nil dated 13<sup>th</sup> March, 2007, along with application in Form-1 and Rapid EIA report, seeking environmental clearance for the above project under the Environment Impact Assessment Notification, 2006.

2.0 The Ministry of Environment and Forests has examined your application and noted that M/s GMR Industries Ltd (Sugar Division) have proposed for the expansion of Sugar Plant (2500 TCD to 5000 TCD) at Sankili, Regidi Amudalavalasa, Srikakulam, A.P. Expansion will be done within existing land and no additional land will be acquired. This expansion is exclusively concerned with sugar plant and nothing shall be linked to Distillery and Power plant of the company.

3.0 Production will be expanded by adding the Mill 40"x40". Two Nos. of falling film evaporator bodies HTA 1080m<sup>2</sup> each, SRT clarifier 200m<sup>3</sup>, Continuous vacuum pan 55MT/Hr for A- Masecuite, Air cooled crystallizer capacity 105 MT, Mono vertical crystallizes (Water cooled) capacity 335MT, Fully automatic batch type centrifugal machines 2 Nos. capacity 1750Kgs/cycle, Continuous centrifugal machine for C-Masecuite capacity 12MT/Hr, Sugar grinding sizer capacity 35MT/Hr, Armech jet cooling towers - 2 Nos. for cooling hot water from 85°C to 35°C and Anaerobic lagoon 43x43x3.5 mtrs.

4.0 No additional boiler will be installed for the expansion project. ESP will be installed to control air emission to 100 mg/Nm<sup>3</sup> as per CREP recommendations. Total water requirement will be met from Nagavali River. Net water requirement after

Received letter  
 on 21/8/07  
 2007

expansion will be 395 m<sup>3</sup>/d. Permission for the drawl of 800,000 Cubic Yard/annum (22 Mc ft.) has been accorded by Govt. of A.P.

5.0 Out of total 132.72 acre land, green belt is already developed in 90 acres and further proposed in 22 acres. Total land allocated for the green belt development is 112.72 acres.

6.0 ETP sludge (0.35 TPD) will be composted and used as manure. Agricultural waste e.g. bagasse (1500 TPD) will be used in the existing co-generation plant. Filter cake (200 TPD) will be sent to distillery unit for bio-composting along with spent wash and will be supplied to farmers.

7.0 On the basis of the information provided by the company, the Ministry of Environment and Forests hereby accords environmental clearance to the above project under the provisions of EIA Notification dated 14<sup>th</sup> September, 2006 subject to compliance of the following specific and general conditions:

**A. SPECIFIC CONDITIONS:**

- i) The total effluent generation after expansion shall not exceed 455 m<sup>3</sup>/d. Treated effluent shall be utilized for green belt development with due compliance of the APFCB standards for irrigation.
- ii) No ground water withdrawal shall be allowed. In future if ground water shall be required, the permission from CGWA/SGWB shall be obtained.
- iii) The project authorities would adhere to the provision stipulated in the flyash notification of September, 1999 and as amended in August, 2003 in regard to flyash utilisation.
- iv) The company shall develop the green belt in 112.72 acres to mitigate the effects of fugitive emissions, odour nuisance and noise and general improvement of the environment all around the plant. The development of green belt shall be as per the Central Pollution Control Board guidelines. Land use of green belt area shall not be changed.
- v) The company shall take adequate steps to avoid odour nuisance from disposal of filter cake and ETP sludge. The transportation of these shall be in covered means.
- vi) Adequate numbers of ground water quality monitoring stations shall be set up around the green belt area. These monitoring stations will be provided with piezometers. The company shall monitor six monthly, the soil and ground water quality in the plant and green belt area to ensure that there shall not be ground water pollution and reports submitted to Ministry's Regional Office/SPCB/CPCB.

- vii) The company shall develop covered storage areas for lime, sulphur, and Phosphoric acid to avoid mixing of the same with the rain water.

**B. GENERAL CONDITIONS :**

- (i) The project authorities shall strictly adhere to the stipulations of the SPCB/state government or any statutory body.
- (ii) The project authorities shall comply with CREP guidelines issued by Central Pollution Control Board in letter and words.
- (iii) No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment and Forests. In case of deviations or alterations in the project proposal from those submitted to this Ministry for clearance, a fresh reference shall be made to the Ministry to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.
- (iv) At no time, the emissions shall exceed the prescribed limits. In the event of failure of any pollution control system adopted by the unit, the unit shall be immediately put out of operation and shall not be restarted until the desired efficiency has been achieved.
- (v) The gaseous emissions ( $SO_2$ ,  $NO_x$ ) and particulate matter along with RSPM levels from various process units shall conform to the standards prescribed by the concerned authorities from time to time.
- (vi) The locations of ambient air quality monitoring stations shall be reviewed in consultation with the State Pollution Control Board (SPCB) and additional stations shall be installed, if required, in the downwind direction as well as where maximum ground level concentrations are anticipated.
- (vii) Dedicated ESP/scrubbers and stacks of appropriate height as per the Central Pollution Control Board guidelines shall be provided to control the emissions from various sources.
- (viii) The company shall undertake following Waste Minimization measures.
- Metering and control of quantities of rawmaterials to minimize waste.
  - Use of automated material handling to minimize spillage.
  - Use of "Close Feed" system into batch reactors.
  - Use of high pressure hoses for equipment cleaning to reduce wastewater generation.

- (ix) The project authorities shall strictly comply with the rules and guidelines under Manufacture, Storage and Import of Hazardous Chemicals Rules, 1989 as amended in October, 1994 and January, 2000 and Hazardous Waste (Management and Handling) Rules, 1989, as amended from time to time. Authorization from the SPCB shall be obtained for collection, treatment, storage, and disposal of hazardous wastes.
- (x) The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation. The ambient noise levels shall conform to the standards prescribed under Environment (Protection) Act, 1986 Rules, 1989 viz. 75 dBA (day time) and 70 dBA (night time).
- (xi) The company shall develop rain water harvesting structures to harvest the run off water for recharge of ground water.
- (xii) Occupational health surveillance of the workers shall be carried out on a regular basis and records shall be maintained as per the Factories Act.
- (xiii) The company shall undertake eco-developmental measures including community welfare measures in the project area for the overall improvement of the environment. The eco-development plan should be submitted to the SPCB within three months of receipt of this letter for approval.
- (xiv) The project proponent shall also comply with all the environmental protection measures and safeguards proposed in the EIA/EMP report.
- (xv) A separate Environmental Management Cell equipped with full fledged laboratory facilities shall be set up to carry out the Environmental Management and Monitoring functions.
- (xvi) The project authorities shall earmark adequate funds to implement the conditions stipulated by the Ministry of Environment and Forests as well as the State Government along with the implementation schedule for all the conditions stipulated herein. The funds so provided shall not be diverted for any other purpose.
- (xvii) The implementation of the project vis-à-vis environmental action plans shall be monitored by the concerned Regional Office of the Ministry/SPCB / CPCB. A six monthly compliance status report shall be submitted to monitoring agencies and shall be posted on the website of the Company.
- (xviii) The project proponent shall inform the public that the project has been accorded environmental clearance by the Ministry and copies of the clearance letter are available with the SPCB/Committee and may also be seen at Website of the Ministry at <http://envfor.nic.in>. This shall be advertised within seven days from

the date of issue of the clearance letter, at least in two local newspapers that are widely circulated in the region of which one shall be in the vernacular language of the locality concerned and a copy of the same shall be forwarded to the concerned Regional Office of the Ministry.

(xix) The project authorities shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities and the date of start of the project.

8. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.

9. The Ministry reserves the right to stipulate additional conditions, if found necessary. The company in a time bound manner will implement these conditions.

10. The above conditions will be enforced, inter-alia under the provisions of the Water(Prevention & Control of Pollution) Act,1974, Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 Hazardous Wastes (Management and Handling) Rules, 2003 and the Public Liability Insurance Act, 1991 along with their amendments and rules.

2	Bagasse @ 30%	750	750	1500
3	Filter Cake @ 4%	100	100	200

2. As per the application, the above activity is to be carried out in the existing premises located at R. Sy. No. 289, 290 to 298 & 301 to 318, Sankali (V), Regidi Amadalavalasa (M), Srikakulam District.
3. The above site was inspected by the Environmental Engineer, Regional Office, Vizianagaram, A.P Pollution Control Board on 12.7.2006 and found that the site is surrounded by:

**North** : Dry lands with small hillock  
**South** : Village road followed by Distillery unit.

4. The Board, after careful scrutiny of the application, verification report of the Regional Officer and clarifications submitted by the industry, and in view of MoE&F, GOI, Circular on EIA, 2006 dt. 21.11.2006, hereby issues CONSENT FOR ESTABLISHMENT for expansion to your unit / activity under Section 25 of Water (Prevention & Control of Pollution) Act 1974 and Section 21 of Air (Prevention & Control of Pollution) Act, 1981 and the rules made there under. This order is issued to manufacture the products as mentioned at para (1) only.
5. This Consent Order now issued is subject to the conditions mentioned in Schedule 'A' and Schedule 'B'.
6. This order is issued from pollution control point of view only. Zoning and other regulations are not considered.

## SCHEDULE - A

1. Progress on implementation of the project shall be reported to the Regional Office, Vizianagaram, A.P. Pollution Control Board once in six months.
2. Separate energy meters shall be provided for Effluent Treatment Plant (ETP) and Air pollution Control equipments to record energy consumed.
3. The proponent shall obtain Consents for operation from APPCB, as required Under Sec. 25/26 of the Water (P&C of P) Act, 1974 and under Sec. 21/22 of the Air (P&C of P) Act, 1981, before commencement of the activity.
4. Notwithstanding anything contained in this conditional letter or consent, the Board hereby reserves its right and power Under Sec. 27(2) of Water (Prevention and Control of Pollution) Act, 1974 and Under Sec. 21(4) of Air (Prevention and Control of Pollution) Act, 1981 to review any or all the conditions imposed herein and to make such alternation as deemed fit and stipulate any additional conditions by the Board.
5. The consent of the Board shall be exhibited in the factory premises at a conspicuous place for the information of the inspecting officers of different departments.
6. Compensation is to be paid for any environmental damage caused by it, as fixed by the Collector and District Magistrate as civil liability.
7. Floor washing shall be admitted into the effluent collection system only and shall not be allowed to find their way in storm drains or open areas. The industry shall maintain a good housekeeping. All pipe valves, sewers, drains shall be leak proof. Dyke walls shall constructed around storage of molasses and other chemicals.
8. Rain Water Harvesting (RWH) structure (s) shall be established on the plant site. The proponent shall ensure that effluent shall not enter the Rain Water harvesting structure.
9. The rules and regulations notified by Ministry of Law and Justice, GOI, regarding the Public liability insurance Act, 1991 shall be followed.
10. This order is valid for period of 5 years from the date of issue.

## SCHEDULE - B

### Water:

1. The source of water is River Nagavali and the maximum permitted water consumption after expansion is 595 KLD. This also includes hot water recycled after cooling, as proposed by the industry's vide Ir. dt. 04.10.2006.
2. The Effluent Treatment Plant (ETP) shall be upgraded as proposed, along with the commissioning of the activity. All the units of the ETP shall be impervious to prevent ground water pollution.
3. The effluents shall be treated to the on land for irrigation standards, stipulated under Environment (Protection) Rules, 1986, notified and published by Ministry of Environment and Forests, Government of India as specified in schedule VI vide G.S.R.422 (E), dt.19.05.1993 and its amendments thereof.

4. The maximum Waste Water Generation (KLD) after expansion shall not exceed the following (as proposed by the industry's vide Ir. dt. 04.10.2006):

Out put	After expansion (KLD)
DM water regeneration	25
Boiler blow down	50
Cooling water blow down	260
Washings	120
<b>Total waste water</b>	<b>455</b>

Hot water generated (1249.24 KLD) is to be cooled and after cooling, 700 KLD is to be sent to the Distillery division of the industry for dilution of molasses in the fermentation section and remaining is to be recycled back in the sugar plant (as proposed by the industry's vide Ir. dt. 04.10.2006).

Source of Effluent	Mode of final disposal	Standards to be complied
Treated effluent from Process, Cooling, Boiler, DM Plant	On land for irrigation	On land for irrigation
Hot water after cooling	Recycled	--
Domestic	Septic tank / Soak pit	--

5. Separate meters with necessary pipe-line shall be provided for assessing the quantity of water used for each of the purposes mentioned below.
- Industrial cooling, boiler feed.
  - Domestic purposes.
  - Processing, whereby water gets polluted and pollutants are easily biodegradable.

**Air:**

- The industry shall not install any additional boiler.
- The industry shall provide one additional ESP cell of existing ESP capacity to control boiler emissions as proposed, so as to meet Board standards.
- The proposed generator of 1500 KVA capacity shall be installed in a closed area with a silencer and suitable noise absorption systems. The ambient noise level shall not exceed 75 dB(A) during day time and 70 dB(A) during night time. Stack height shall be provided as per CPCB norms.

**Solid Waste:**

9. The proponent shall comply with the following:

S. No	Solid Waste	After expansion (TPD)	Method of disposal
1)	Filter cake	200	To farmers as manure
2)	Ash	60	To brick manufacturing units
3)	ETP sludge	0.3	For composting and use as manure
4)	Spent Lubricating	1000	To APPCB authorized dealers

**ANNEXURE-3**  
**RENEWAL OF CONSENT &**

*E.I.D. - Parry (India) Ltd.*  
*DATE: 27/12/14*  
*21*  
*1382*

(Hereinafter referred to as 'the Applicant') authorizing to operate the industrial plant to discharge the effluents from the outlets and the quantity of emissions per hour from the chimneys as detailed below:

**i) Out lets for discharge of effluents:**

**a) During season for sugar unit operation:**

Outlet No.	Outlet Description	Max Daily Discharge	Point of Disposal
1.	Trade effluents after Treatment	455 KLD	On land for irrigation in the own sugar cane farm & greenbelt development in the own premises.
2.	Hot Water after cooling	1249.24 KLD	700 KLD should be sent to Distillery use and remaining shall be recycled. *1
3.	Domestic Effluents	25 KLD	Septic tank followed by soak pit.

\* 550 KLD is used in process cooling tower makeup and process washings.

**b) During off-season for sugar unit operation:**

Outlet No.	Outlet Description	Max Daily Discharge	Point of Disposal
1.	Cooling water spills/ over flow/ blow down + Boiler blow down/ regeneration water after Treatment	90 KLD	Onland for greenbelt development within own premises.
2.	Domestic Effluents	25 KLD	* Septic tank followed by soak pit.

ii) Emissions from chimneys:

Chimney No.	Description of Chimney	Quantity of Emissions at peak flow
1.	Attached to 2 x 35 TPH Traveling Grate Boilers	1,17,000
2.	Attached to 2 x 125 KVA D.G. Sets	--
3.	Attached to 2 x 380 KVA D.G. Sets	--

iii) HAZARDOUS WASTE AUTHORISATION (FORM – II) [See Rule 5 (4)]

M/s. E.I.D. -Parry (India) Limited, (Formerly M/s. Parry Sugar Industries Limited), R. Sy. Nos. 289, 290 to 298 and 301 to 318, Sankali (V), Regidi Amadalaivalasa (M), Srikakulam District., is hereby granted an authorization to operate a facility for collection, reception, storage, treatment, transport and disposal of Hazardous Wastes namely:

• HAZARDOUS WASTES WITH DISPOSAL OPTION:

S. No.	Name of the Hazardous Waste	Stream	Quantity of Hazardous waste	Disposal Option
1.	ETP Sludge	34.3 of Schedule - I	0.3 TPD	Shall be sent for composting and used as manure

• HAZARDOUS WASTES WITH RECYCLING OPTION:

S. No.	Name of the Hazardous Waste	Stream	Quantity of Hazardous waste	Disposal Option
1.	Spent Lubricating Oil	5.1 of Schedule – I	1000 LPA	Authorized Reprocessors / Recyclers.
2.	Filter cake from Process	--	200 TPD	Shall be disposed to bio-compost yard of GMR Distillery Division.
3.	Boiler Ash	--	60.0 TPD	Shall be sent to brick manufacturing units.

This consent order is valid to manufacture the following products with quantities indicated only:

S.No.	Product	Quantity
1	Crystal Sugar (For Sugar cane crushing of 5000 TCPO)	500 TPD
2	Captive Power	16 MW
By Products		
1.	Molasses (5%)	225 TPD
2.	Bagasse (30%)	1500 TPD
3.	Filter Cake (4%)	200 TPD

This order is subject to the provisions of 'The Acts and the Rules' and orders made thereunder and further subject to the terms and conditions incorporated in the schedule A, B & C enclosed to this order.

This combined order of consent & Hazardous Waste Authorisation shall be valid for a period ending with the 31<sup>st</sup> day of August, 2017.

JOINT CHIEF ENVIRONMENTAL ENGINEER  
UNIT HEAD - IV

#### SCHEDULE - A

1. The applicant shall make applications through online for renewal of Consent (under Water and Air Acts) and Authorisation under HWM Rules at least 120 days before the date of expiry of this order, along with prescribed fee under Water and Air Acts for obtaining Consent & HW Authorisation of the Board along with detailed compliance to the conditions stipulated in the CFO and HWA.
2. Any person aggrieved by an order made by the State Board under Section 25, Section 26, Section 27 of Water Act, 1974 or Section 21 of Air Act, 1981 may within thirty days from the date on which the order is communicated to him, prefer an appeal as per Andhra Pradesh Water Rules, 1976 and Air Rules 1982, to such authority (hereinafter referred to as the Appellate Authority) constituted under Section 28 of the Water(Prevention and Control of Pollution) Act, 1974 and Section 31 of the Air(Prevention and Control of Pollution) Act, 1981.
3. All other conditions stipulated in the Schedule - A of the earlier combined CFO & HWA order No: APPCB/VSP/VZN/83/HO/2008 - 2150, dated 01.01.2008 remains same. The industry shall ensure consistent compliance of each condition of Schedule-A.
4. The industry may explore the possibility of tapping the solar energy for their energy requirements.

#### SCHEDULE - B

1. The industry shall use only Bagasse, Cane trash, Ground nutshell and Coal as fuel in their boiler. The industry shall not use saw dust as a fuel.
2. The effluent discharged shall comply with the tolerance limits mentioned below:

Outlet	Parameter	Limiting Standards
1.	pH	5.50 - 9.00
	Total Suspended Solids (TSS at 103 - 105°C)	100.00 mg/l
	Oil and Grease	10.00 mg/l
	Biochemical Oxygen Demand (BOD 3 at 27°C)	100.00 mg/l

3. The industry shall take steps to reduce water consumption to the extent possible and consumption shall NOT exceed the quantities mentioned below:

S.No.	Purpose	Quantity
1.	Process & Washings	120 KLD
2.	Cooling Tower (Power Plant)	300 KLD
3.	Boiler Feed	125 KLD
4.	Domestic	50 KLD
<b>Total</b>		<b>595 KLD</b>

4. The industry shall file the water cess returns in Form-I as required under section (5) of Water (Prevention and Control of Pollution) Cess Act, 1977 on or before the 5th of every calendar month, showing the quantity of water consumed in the previous month along with water meter readings. The industry shall remit water cess as per the assessment orders as and when issued by Board.
5. The emissions shall not contain constituents in excess of the prescribed limits mentioned below:

Chimney No.	Parameter	Emission Standards
1	Particulate matter	115 mg/Nm <sup>3</sup>

5. The industry shall comply with emission limits for DG sets of capacity upto 800 KW as per the Notification G.S.R.520 (E), dated 01.07.2003 under the Environment (Protection) Amendment Rules, 2003 and G.S.R.448(E), dated 12.07.2004 under the Environment (Protection) Second Amendment Rules, 2004. In case of DG sets of capacity more than 800 KW shall comply with emission limits as per the Notification G.S.R.489 (E), dated 09.07.2002 at serial no.96, under the Environment (Protection) Act, 1986.
6. The industry shall comply with ambient air quality standards of PM<sub>10</sub> (Particulate Matter size less than 10µm) - 100 µg/ m<sup>3</sup>; PM<sub>2.5</sub> (Particulate Matter size less than 2.5 µm) - 60 µg/ m<sup>3</sup>; SO<sub>2</sub> - 80 µg/ m<sup>3</sup>; NO<sub>x</sub> - 80 µg/m<sup>3</sup>, outside the factory premises at the periphery of the industry.

Standards for other parameters as mentioned in the National Ambient Air Quality Standards CPCB Notification No.B-29016/20/90/PCI-I, dated 18.11.2009.

**Noise Levels:** Day time (6 AM to 10 PM) - 75 dB (A)

Night time (10 PM to 6 AM) - 70 dB (A).

6. The industry shall not increase the capacity beyond the permitted capacity mentioned in this order, without obtaining CFE & CFO of the Board. The industry shall not manufacture any product, other than the mentioned in this order, without CFE & CFO of the Board.
7. The industry shall dispose the treated effluents within their own premises and ensure that no effluent is discharged outside the premises of the industry.
8. The industry shall provide separate water meters with necessary pipeline for assessing the quantity of water used for each purpose.
9. The industry shall carryout water auditing every year including hot water recycling and submit report to RO, Vizianagaram.
10. The industry shall reduce the waste water generation to 100 lits/ton of sugar cane crushed and submit the compliance to RO, Vizianagaram.
11. The industry shall take adequate steps to control odour nuisance from disposal of filter cake and ETP sludge.
12. The industry is not permitted to use wood in any form as fuel in the boiler.
13. The industry shall not discharge any wastewater outside the factory premises and maintain zero discharge of effluents.
14. The industry shall maintain good house keeping within the plant premises
15. The industry shall develop & maintain thick green belt in all the vacant spaces of the plant premises.
16. The industry shall operate STP for treatment of domestic effluents and submit monthly reports to Regional Office, Vizianagaram.

17. The industry shall operate online stack analyzer attached to the boiler and submit reports every month RO, Visakhapatnam.
18. No treated / untreated effluent shall be stored in unlined lagoons.
19. The industry shall comply with Task Force directions issued from time to time.
20. The applicant shall submit Environment statement in Form V before 30<sup>th</sup> September every year as per Rule No.14 of E(P) Rules, 1986 & amendments.
21. The conditions are without prejudice to the rights and contentions of this Board in any court of Law.

**SCHEDULE - C**

[ see rule 5(4) ]

**[ CONDITIONS OF AUTHORISATION FOR OCCUPIER OR OPERATOR HANDLING HAZARDOUS WASTES ]**

1. The industry shall give top priority for waste minimization and cleaner production practices.
2. The industry shall not store hazardous waste for more than 90 days as per the Hazardous Wastes (Management, Handling and Transboundary Movement) Rules, 2008 and amendments thereof.
3. The industry shall store Used / Waste Oil and Used Lead Acid Batteries in a secured way in their premises till its disposal.
4. The industry shall not dispose Waste oils to the traders and the same shall be disposed to the authorized Reprocessors/ Recyclers.
5. The industry shall dispose Used Lead Acid Batteries to the manufacturers / dealers on buyback basis.
6. The industry shall not dispose spent solvents / mixed spent solvents to the traders.
7. The industry shall take necessary practical steps for prevention of oil spillages and carry over of oil from the premises.
8. The industry shall maintain 6 copy manifest system for transportation of waste generated and a copy shall be submitted to Board Office and concerned Regional Office.
9. The industry shall maintain good house keeping & maintain proper records for Hazardous Wastes stated in Authorisation.
10. The industry shall maintain proper records for Hazardous Wastes stated in Authorisation in FORM-3 i.e., quantity of incinerable waste, land disposal waste, recyclable waste etc., and file annual returns in Form- 4 as per Rule 22(7) of the Hazardous Wastes (Management, Handling & Transboundary Movement) Rules, 2008 and amendments thereof.
11. The industry shall submit the condition wise compliance report of the conditions stipulated in Schedule A, B & C of this Order on half yearly basis to Board Office, Hyderabad and concerned Regional Office.
12. The industry shall dispose of e-waste to the authorised recyclers only.

**AUTO RENEWAL OF CONSENT &  
AUTHORIZATION ORDER FOR  
OPERATIONS**

## AUTO RENEWAL OF CONSENT AND AUTHORISATION ORDER FOR OPERATIONS

In response to your application dated 26.05.2017 for Auto Renewal of Consent for Operation & Hazardous waste Authorisation Order, the Board is hereby extending validity period of Consent and Authorisation order issued vide Order APPCB/VSP/VZN/83/HO/CFD/2014-584, dated 28.11.2014 and valid upto 31.08.2017, for further period of 5 (five) years i.e., upto 31.08.2022 under Sections 25/26 of the Water (Prevention & Control of Pollution) Act, 1974 and under Section 21 of Air (Prevention & Control of Pollution) Act 1981 and amendments thereof and Authorisation under Rule 6 of the Hazardous & Other Wastes (Management & Transboundary, Movement) Rules, 2016.

1. All other conditions mentioned in Schedules A, B & C of the combined CFD&HWA order issued by the Board vide order dated 28.11.2014 will remain same.
2. The industry shall comply with the standards issued by MoEF&CC / CPCB from time to time.
3. The facility shall submit the compliance report to all the stipulated conditions for Consent for Operation for every six months i.e. on 1st of January and 1st of July of every year.
4. The facility shall ensure that dedicated fund is allotted towards Environment Relief Fund (ERF) in the Public Liability Insurance policy and submit a copy of the policy at the Regional Office: Vizianagaram every year.
5. In case of false certification, non compliance of conditions / directions and deficiency in furnishing the information by the industry, the Board can withdraw the auto renewed consent and take action under provisions of relevant Acts & Rules.
